### **Financing the project**

The project costs are minimised because most of the design work, organization and management is done on a voluntary basis by an international steering committee supported by the coordinator of the event in Rome.

However, to ensure adequate international representation, **it is essential to help delegates from distant countries or Third World countries** (North America and Latin America, Africa, Asia) to pay their travel expenses and subsistence expenses.

A call for donation is launched **to feed this solidarity fund** and the project logistics.

Many donations have already been made, often with support or encouragement messages, but presently they cover only half of needs and there are **still missing 36,000 euros**

Council 50 appeals to the generosity of people who feel concerned.

**To contribute to the solidarity fund, send donation to the bank account of the project :**
